

Have you activated your RamsRecruiting Account? – Get Started Today

RamsRecruiting is like Monster.com, but it's just for VCU students and alumni of one year or less! You use the system similar to the way that you use other job search sites. You are able upload your resumes and cover letters AND you can use it to search and apply for jobs. Employers who post positions on RamsRecruiting want to hire VCU Rams! Every VCU Student has a RamsRecruiting account. All you have to do is activate it by emailing us at careers@vcu.edu or coming by the University Student Commons (1st floor) to request a registration form TODAY!
